

Crestwood Associates ERP Solution Experts

Transition from GP to Business Central

Transform your business operations with a modern, cloud-powered ERP solution designed to drive growth and efficiency.

- Seamless Integration with Microsoft 365
- User-Friendly, Role-Specific Dashboards
- Enhanced Security and Compliance
- Advanced Financial Insights
- Automated Workflows

Microsoft Dynamics 365
Business Central

Key Advantages

- **Boost Efficiency:** Streamline processes with automated workflows and integration across departments.
- **Data-Driven Decisions:** Real-time reporting and advanced analytics for better financial and operational insights.
- **Enhanced Collaboration:** Unified systems for finance, operations, and supply chain management.
- **Future-Ready:** A cloud-based platform with scalability to support long-term business growth.
- **Cost Savings:** Lower IT overhead while increasing productivity and reducing operational risks.

Enhance Productivity, Streamline Operations, and Reduce Costs

Gain greater visibility into your supply chain, improve collaboration across departments, and optimize key processes with Dynamics 365 Business Central. This all-in-one ERP platform is designed to meet the unique needs of distribution businesses, helping you adapt to evolving market demands.

Core Features for a Seamless Transition

Financial Management

- Simplified account reconciliation with automated workflows.
- Enhanced financial visibility with real-time reporting.
- Compliance tools to meet regulatory and audit requirements.

Supply Chain and Inventory Management

- Real-time inventory tracking across locations with reduced stockouts.
- Automated order processing for better customer satisfaction.
- Integration with sales and procurement for streamlined operations.

Project and Operations Management

- Integrated project tracking for accurate budgeting and resource allocation.
- Workflow automation tools for approvals and task management.
- Enhanced collaboration tools with Microsoft Teams and Office 365 integration.

Ready to Migrate?

Let Crestwood Associates guide your transition to Microsoft Dynamics 365 Business Central.

Streamline your operations, increase agility, and unlock your business's full potential with expert support every step of the way.
